Residential and Commercial

Home comfort is something that is very important to every home owner in America.

Getting annual inspections done is very important to ensure everything is working properly and efficiently.

- Heating
- Cooling
- Indoor air quality (I.A.Q)

Annual inspections will **help prevent costly breakdowns** which usually occur at the most inconvenient times. With a **Master Mechanical Home Maintenance Program**, we will address all of these issues and more.

As a participant in the program, ***you will receive the following benefits:***

- Premier tune up for your furnace which includes the following
 - ✓ 16 Point furnace inspection and cleaning
 - ✓ Humidifier cleaning and inspection
 - ✓ Hot water heater cleaning and inspection
- Premier tune up for your a/c
 - ✓ 16 point a/c inspection
 - ✓ Environmentally safe chemical cleaning of condenser coil
 - ✓ One pound of refrigerant free, if needed
- 24 Hr. Priority emergency service
 - ✓ Front of line privileges
 - ✓ No extra charges for after hour calls
- 10% off all parts and labor

You can receive all of these benefits for annual cost of only \$250.00
